PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student (Minor: Quantum Technologies) with hands-on experience building full-stack web applications with Django and PostgreSQL, multi-agent AI applications with LLM APIs, and quantum circuits with Qiskit. Club executive and event organizer. Seeking strategic Planning, Software engineering, AI or Quantum computing research internships.

EDUCATION

Rajiv Gandhi University of Knowledge and Technologies (RGUKT), Srikakulam

B.Tech in Computer Science and Engineering, Minor in Quantum Technologies — CGPA: 8.78 — June 2024 – June 2028

Pre-University Course (Mathematics, Physics, Chemistry) — CGPA: 9.40 — July 2022 – May 2024

TECHNICAL SKILLS

Languages: Python, C, SQL, JavaScript, HTML, CSS
Frameworks: Django, Django REST Framework, Streamlit, Pandas, NumPy
Tools: Git, GitHub, Render, Cloudinary, Figma, Claude Code, Google AI Studio, AntiGravity, Supabase,

PROJECTS

StudyBud – Community Discussion Platform | GitHub — Django, PostgreSQL, Cloudinary

- Built and deployed a full-stack discussion platform with email-based authentication, live threaded conversations, and media uploads.

WT Drive – Web Technologies Learning Portal | GitHub | Live Demo — Node.js, Express.js, SQLite, Bootstrap

- Built a browser-based coding practice portal for Web Technologies that eliminated setup friction. Students write and test code directly; learn lessons in flow from units → topics → questions with live feedback.

Nexus Connect – AI Recruitment Platform | Prototype — Gemini API, Firebase, SQL, Django

- Collaborated on a Smart India Hackathon 2025 recruitment platform with a gamified engagement system; integrated Google Gemini API for resume parsing and personalized career roadmap generation

I&CO Club Website | GitHub — HTML, CSS, JavaScript, Django, Google Sheets API

- Built a responsive, mobile-first landing page for the college career club, with a contact form and Google Sheets API integration for dynamic data management

LEADERSHIP AND EXPERIENCE

Promotions and Marketing Team Lead (Student Volunteer), RGUKT AP Qiskit Fall Fest 2025 — October 2025

- Led the promotions and marketing teams for the campus edition of the Qiskit Fall Fest, planning outreach strategy and managing day-to-day operations; our college event drew **18,000+ registrations** out 32000 global registrations.
- Worked with the technical team to streamline their workflow, for the event platform and requirements.

Executive Board Member, Internships and Career Opportunities (I&CO) Club, RGUKT Srikakulam — April 2025 – Present

- Led recruitment drive managing 50+ candidates through structured evaluation sessions and hands-on onboarding
- Managed the Half Battery Stall at Udaan and conducted the Innovation Hackathon at Eureka 2025, guiding students on internships and early career planning

ACHIEVEMENTS & CERTIFICATIONS

- First Runner-up in **Synergy Robotics, Eureka 2025**
- Demonstrated Quantum Teleportation at **RadhaSapthami Science Fair 2026**
- **Basics of Quantum Information** - Credly
- **Qiskit Global Summer School 2026: Quantum Fundamentals** – Credly
- **Introduction to Quantum Computing: Quantum Algorithms and Qiskit** - NPTEL
- **AI Skills Fest 2026** - Credly
- **Summer Analytics 25** - Verify
- **Python Skill Up** - GeeksforGeeks - Verify
- **Python Bootcamp** - LetsUpgrade, May 2024
